MATERIALS NEEDED

We Provide:

Each student will be provided with the following course materials / items:

Student Ids - So that feedback and testing using public resources such as google forms can remain anonymous.

AWS Lab - Linux based EC2-instances from AWS

Encryption Key - Key used with Putty for SSH connections to the AWS Lab

Worksheets - For group activities and self study

You Bring:

Each student will need to bring their own:

Computer- With Firefox, WinSCP and Putty installed, for accessing public resources and the AWS lab.

TESTING

Quizzes:

There will be a pop-quiz at the end of each lesson.

Each quiz will consist of up to 5 multiple-choice questions.

A 5-question survey will be included in each quiz to gather feedback.

The quizzes are designed to reinforce daily learning and gather feedback.

Final Exam:

The final exam will cover all topics from the course.

It will include up to 40 multiple-choice questions.

Students will be graded, but there is no failing grade.

The final exam is “open-book”

COSTS

Retail Price:

The retail price of the course is \$1999 per student and group discounts are available.
